A complete application is the first step in the enrollment process

When assisting your clients with their application, you're responsible for answering all their questions and completing all the required information. Submitting an application without all of the required information will cause a delay in processing.

Make sure the following items are included on all applications:

- Beneficiary's name, as shown on their Medicare card
- Beneficiary's date of birth
- Beneficiary's permanent residence address/physical street address (P.O. box is not acceptable)
- Medicare number on the beneficiary's Medicare card
- Proof of Medicare Part A and/or B entitlement
- Requested effective date
- Plan selection
- Method of payment
- Signature(s) and date
- Your National Producer Number (NPN)

Don't forget to include the primary care physician (PCP) on the enrollment application

We encourage all applicants to select a PCP when enrolling in a plan. This is a critical step! For those enrolling in an HMO plan, this is especially important. If they don't select a PCP, we may select one for them. You should include the primary care ID on the application too. It's with that particular PCP in the directory, and will help ensure the right PCP is assigned to the member's file.

*Producers are not permitted to market plans/benefits until October 1, 2018, and must be "ready to sell" for 2019 before doing so. Producers may NOT accept, collect or take possession of a completed AEP enrollment application prior to October 15.

Aetna is the brand name used for products and services provided by one or more of the Aetna group of subsidiary companies, including Aetna Life Insurance and its affiliates (Aetna).

Prior to engaging in the sale of Aetna or Coventry Medicare products, producers must be ready to sell, which means certified, contracted, licensed in the applicable states, and appointed by Aetna in accordance with state law. As permitted in certain states, Aetna will order appointments after the first sale. This communication is intended for use by brokers only and is not intended for distribution to Medicare beneficiaries. Any publication or distribution of this communication to unauthorized recipients without Aetna's approval is prohibited.

After the application is submitted, your clients will get:

- An enrollment confirmation letter within 10 business days after we receive their application
- Their member ID card and welcome kit

They may also get a call from an Aetna customer service representative to help ensure members understand how to start using their plan benefits.

IMPORTANT: If any information on the application cannot be validated, your client may get a phone call, or a letter, from us requesting this information. It's imperative that your client provide the requested information timely. Otherwise, if the information is not provided within the needed time frame, the enrollment may be held or denied.

You can check application status online

To check the status of MA/MAPD and PDP enrollment applications, go to the **Individual Medicare page of Producer World** and click on "Reporting." The pending application report shows applications that are being processed or were denied. Once approved, applications appear on the Medicare book of business report.
