2021 Annual Certification Requirements

UnitedHealthcare Certification Instructions

To solicit, present or sell any products in the UnitedHealthcare Medicare Solutions portfolio (may include plans branded UnitedHealthcare, AARP, Medica HealthCare Plans, or Preferred Care Partners), you must be **licensed** and **appointed** (if applicable) in the state in which the consumer resides and **certified** in the product(s) you are presenting to and/or enrolling the consumer. To become certified for the plan year, you must complete all the prerequisite assessments and the individual product assessments for the product(s) you wish to sell.

NOTE: While you may proceed directly to each test without completing the related module (except for AARP Course), it is strongly recommended that you review the module before attempting the test.

A summary of the steps to certify is as follows:

1

- Complete all **PREREQUISITE TESTS** by passing with a score of **85% or higher within 6 attempts**.
- Failing any prerequisite test will block access to any test and you will not be able to market or sell any UnitedHealthcare Medicare Solutions product for the plan year.
- Prerequisite tests must be taken in order:
 - 1) Medicare Basics*
 - 2) Ethics and Compliance
 - 3) AARP Course

2

- Complete the **PRODUCT TEST(s)** by passing with a score of **85% or higher within 6 attempts** or you will not be allowed to sell the applicable product for the plan year.
- Available product tests by type are:
 - Chronic Condition and Dual Special Needs Plans (CSNP/DSNP)
 - Institutional and Institutional-Equivalent Special Needs Plans (ISNP/IESNP)**
 - Senior Care Options**

* Medicare Basics includes credit for Medicare Advantage Plans (non-Special Needs Plans), Prescription Drug Plans and Medicare Supplement Insurance Plans.

** Available by invitation only

AHIP Certification Instructions

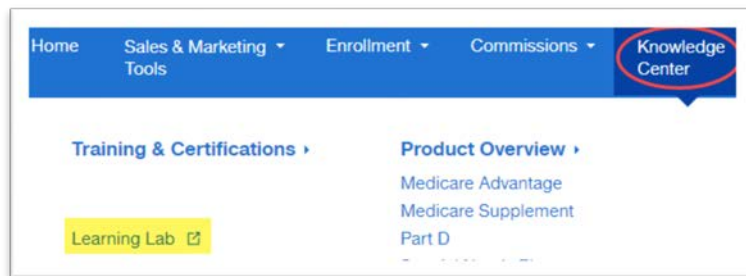

AHIP Certification is NOT required. If you elect to do this, you will receive a \$50 discount off the first AHIP purchase. Per policy, agents choosing to certify via AHIP must obtain a minimum score of 90% within six attempts. Each purchase consists of three attempts (UHC only acknowledges the initial two purchases). Prior to starting any course work you must follow the instructions below to access the AHIP/UHG co-branded website.

AHIP Certification satisfies the requirement for the following UnitedHealthcare Medicare Solutions Module: 2021 Medicare Basics Test (including Medicare Advantage, Medicare Prescription Drug and Medicare Supplement Insurance Plans). Agents certifying via AHIP are not considered certified in the AHIP equivalent products until they complete the remaining prerequisites:

- 2021 Pledge of Compliance
- 2021 Conflict of Interest
- 2021 Ethics and Compliance
- 2021 AARP Course

Once you have launched the 2021 AHIP link, the system will automatically transport you to our AHIP/UHG co-branded website where you will login to your AHIP account to purchase, complete and transmit your results to UnitedHealthcare. See below for instructions.
