

**Did you know that UnitedHealthcare has more Medicare Advantage plans in more areas than any other carrier?**

In fact, more consumers on Medicare choose UHC over any other company. If you're working with clients over 65, you **MUST** be able to offer them what they want! **Contracting** with UHC also means that you can sell the AARP Medicare Supplement. AARP's rates are now even lower for 2020, so it's no wonder why 1 out of 3 Medicare Supplements sold in America are AARP!

**Contract through Neishloss & Fleming and earn Greenhouse rewards!**

Once your contract is approved by UnitedHealthcare you earn 800 Greenhouse points.

Earned Greenhouse reward points will be sent as voucher codes for redemption in your Greenhouse account.
